Custom Made Joinery

Ridgeway design and manufacture high quality standard and bespoke furniture, tailor made for the hotel and leisure sector.

We provide a full design, manufacture and installation service. Our design team works closely with our customers to provide quality cost effective solutions on time and within financial constraints.

Our bespoke furniture design service can tailor make it for you, from a wide range of luxury real wood veneers to cost-effective melamines.

At Ridgeway we specialise in furniture that will enhance the look and feel of your establishment.

Ridgeway are committed to producing stylish solutions that will exceed your highest expectations. Everything is manufactured to well-established and tested methods and stringent quality control procedures to ensure the quality of all our products.

Bespoke Furniture Design

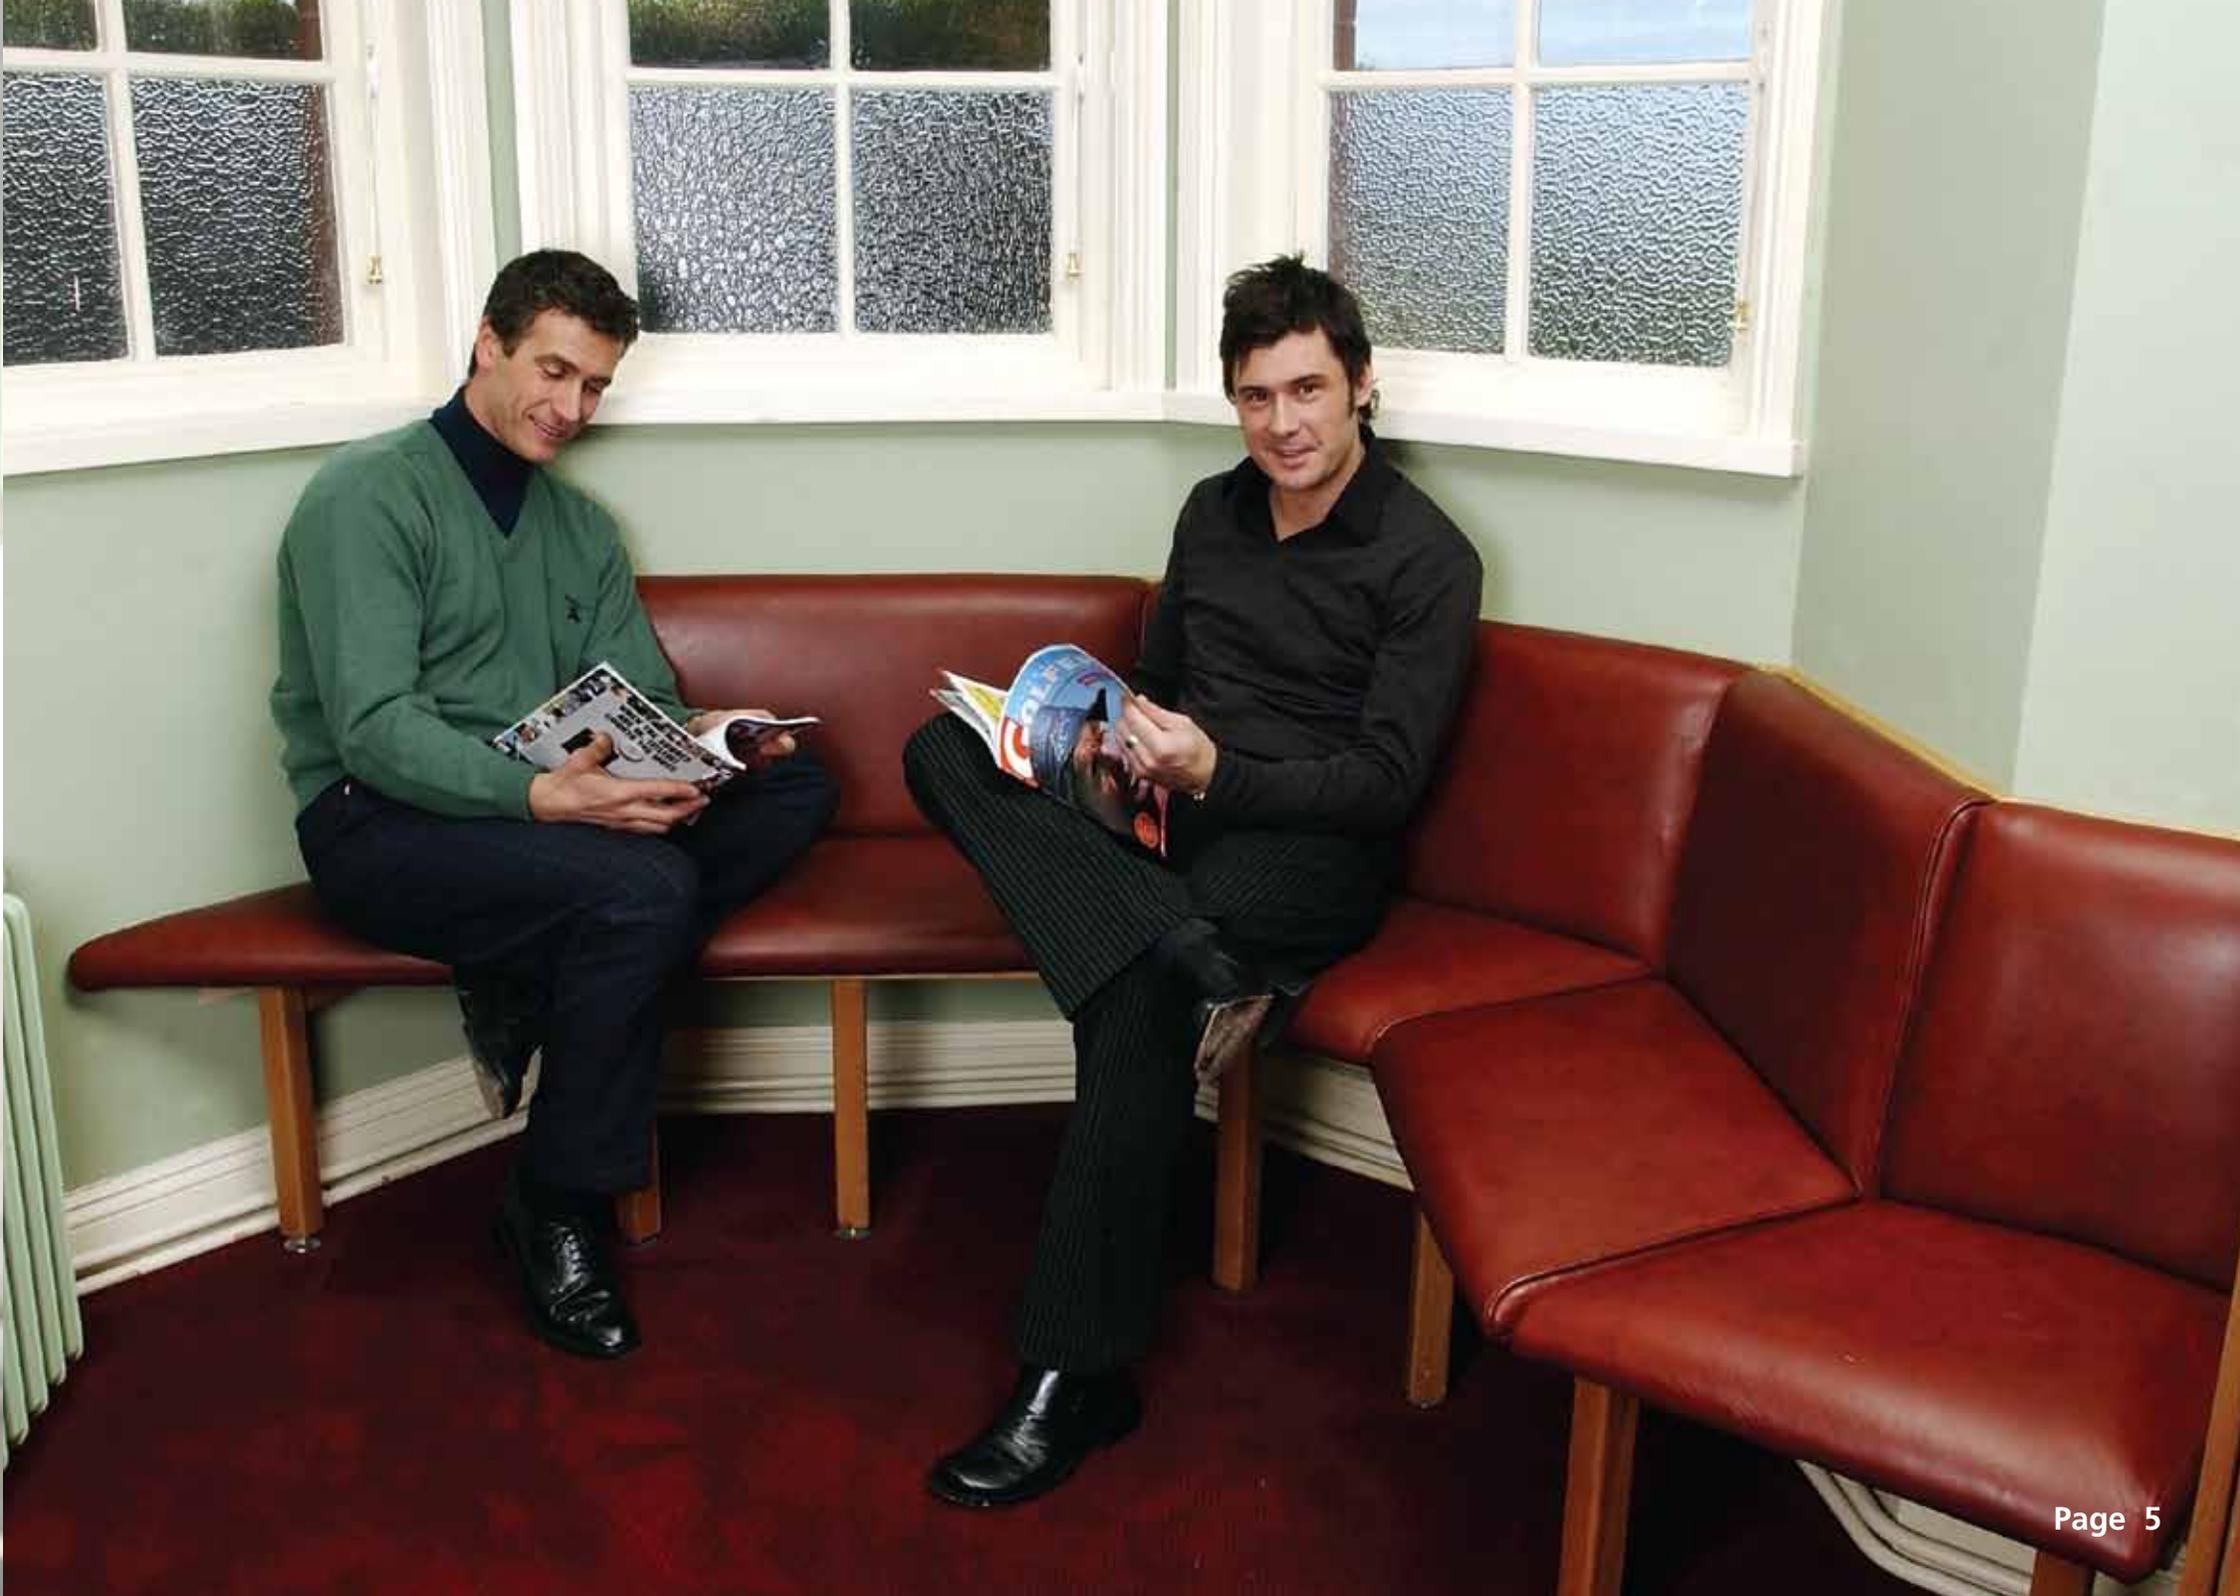

After discussing your requirements carefully, our design team evaluates the information and designs your bespoke, made to measure furniture. We will then supply you with drawings and a comprehensive detailed quotation.

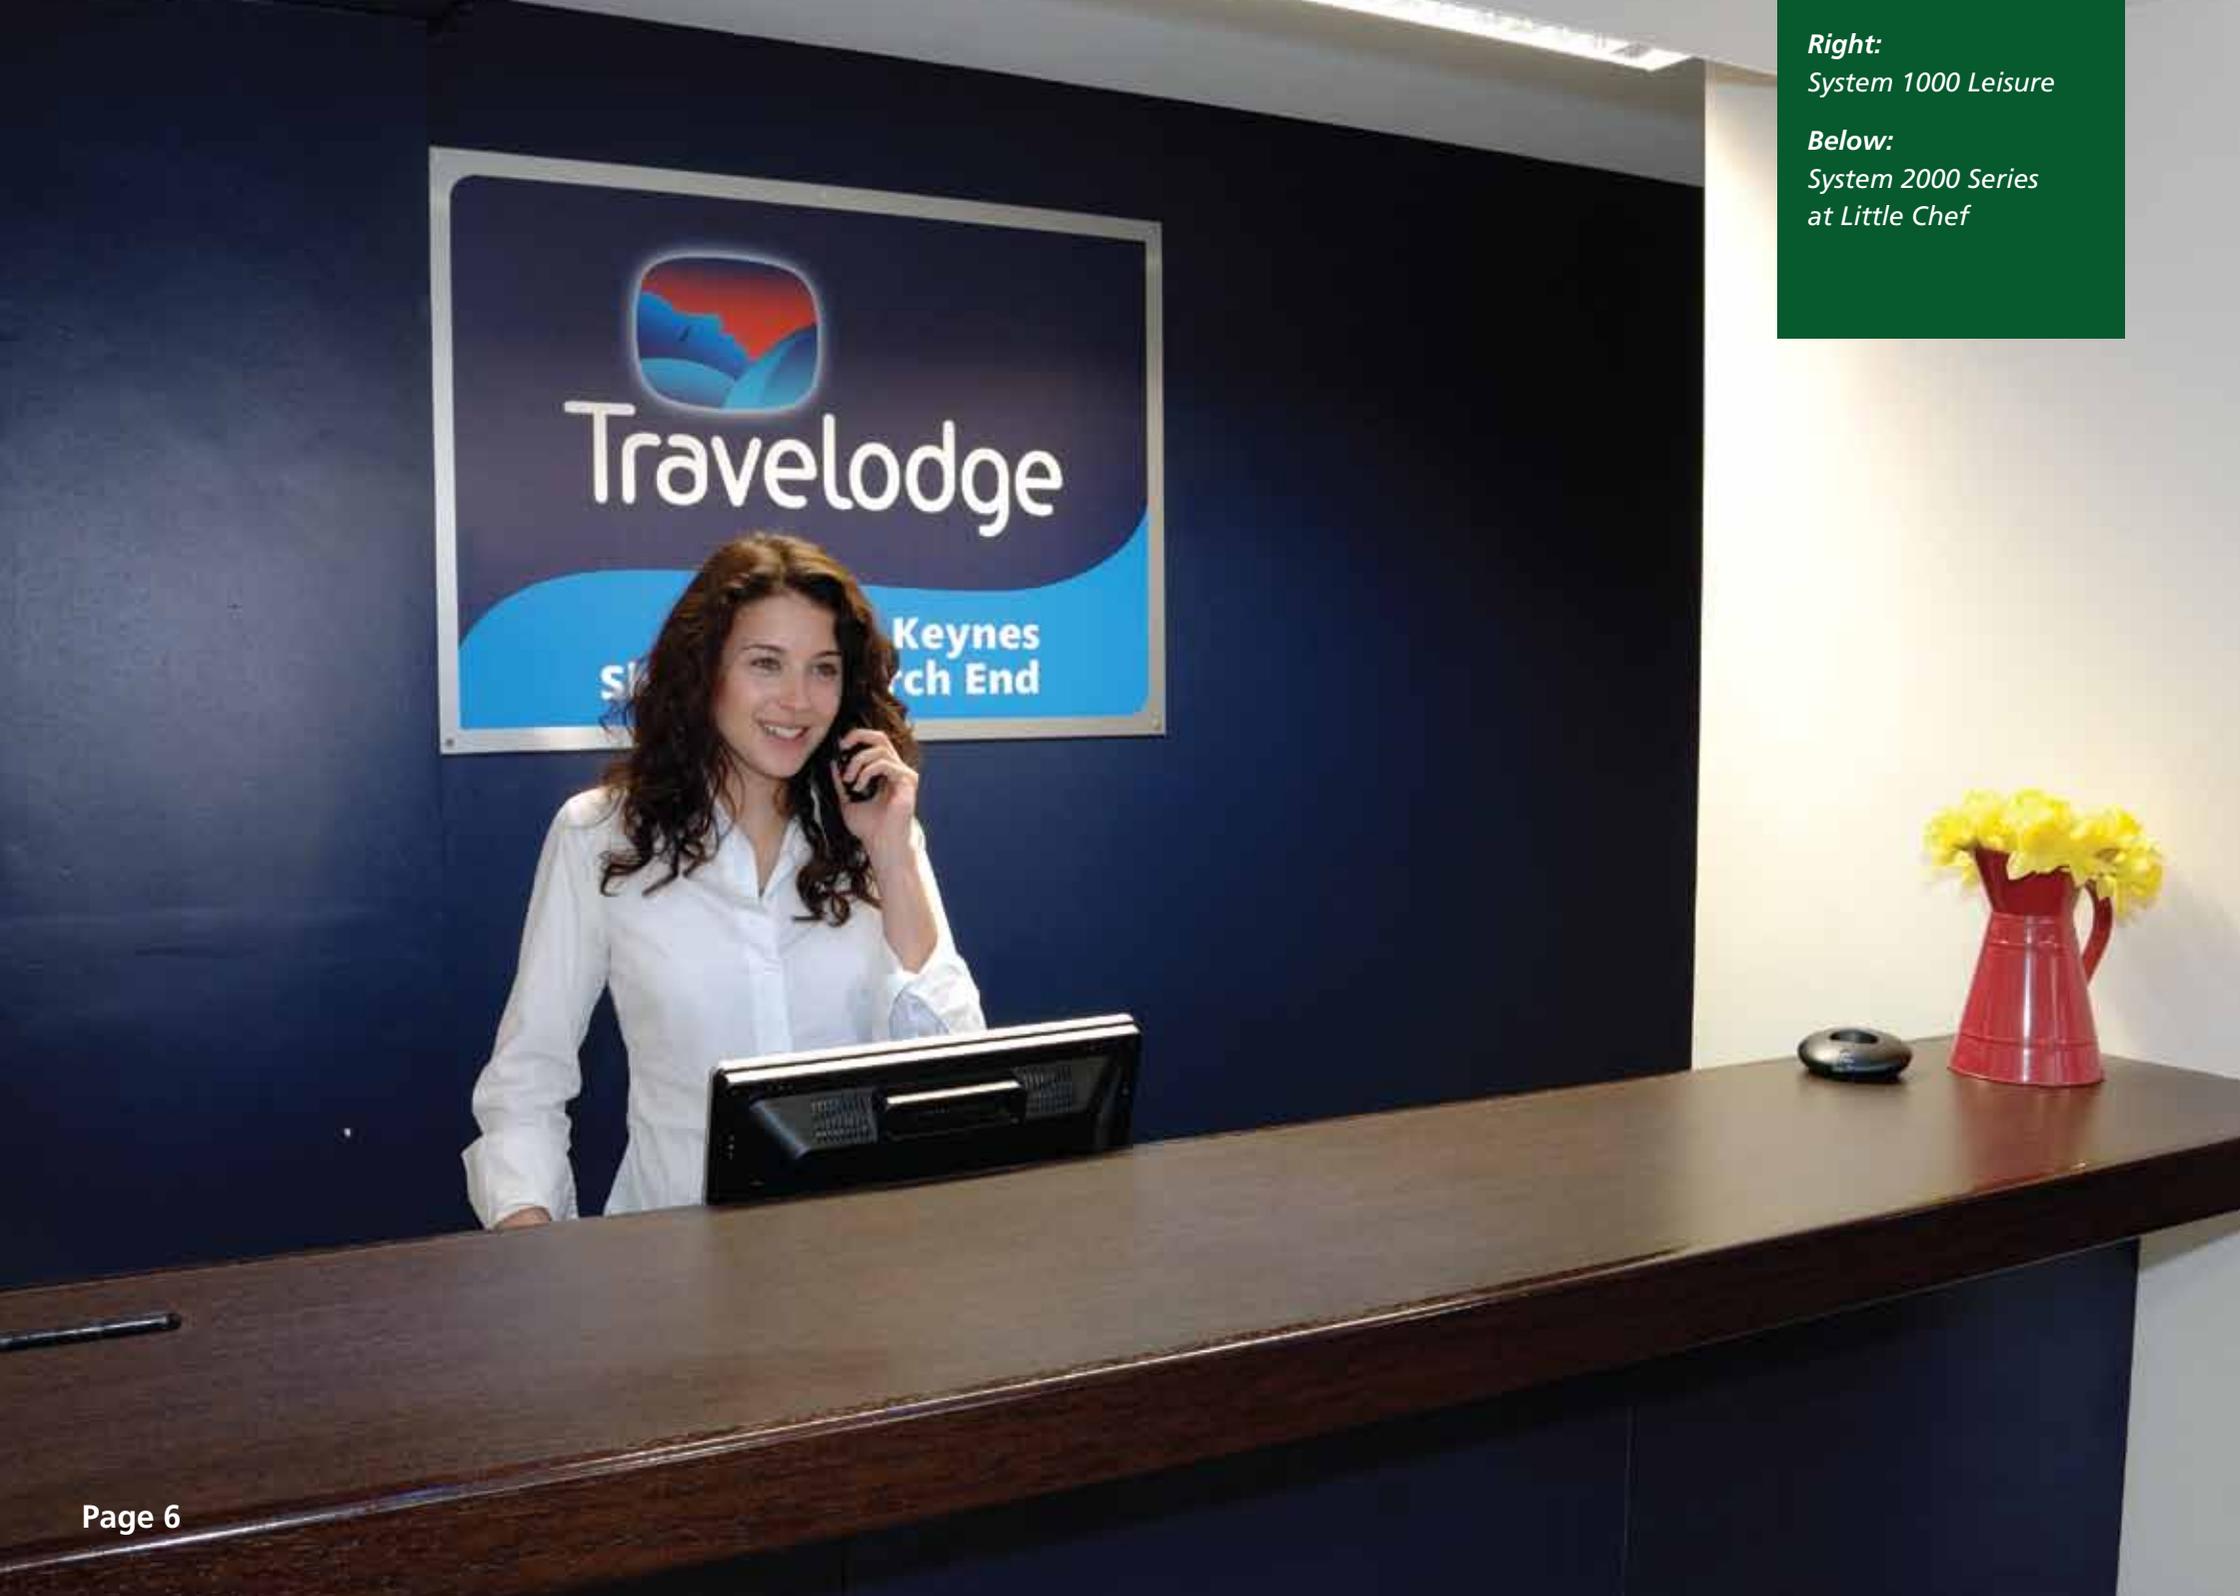

Each item manufactured by Ridgeway is created with care and attention to detail. All timber products used are from FSC suppliers who share our commitment to the environment. All of our products combine good design with robust construction.

Ridgeway are happy to work with Architects and Interior Designers to bring your interior to life. We are committed to producing stylish solutions that will exceed your highest expectations. Everything is manufactured to well-established and tested methods and stringent quality control procedures to guarantee the quality of all our products.
